

ARE YOU LIVING WITH PAIN ASSOCIATED WITH FIBROMYALGIA?

- » Do you have widespread pain?
- » Do you ache all over?
- » Do you have trouble sleeping or falling asleep?

FREE INFORMATION SESSION

FIBROMYALGIA: A WIDE RANGE OF SYMPTOMS.

If you suffer from widespread pain, aches, sleep difficulties or related symptoms, you may have fibromyalgia, a real medical condition which affects many Canadians.

DOES YOUR PAIN MAKE EVERYDAY TASKS DIFFICULT?

The physical pain caused by fibromyalgia is progressive and makes a normal life challenging. You may have trouble performing even simple, everyday tasks such as cooking, cleaning, working and enjoying time with friends and family. Sufferers often feel trapped, with no hope of escape.
